WETLAND CONSULTANTS LIST

Last Updated: 29-July-2014

Please Note: Inclusion on this list is not an endorsement or recommendation by the St. Paul District, U.S. Army Corps of Engineers, of any of the consultants listed, nor does the St. Paul District warrant or certify the qualifications of the listed consultants. The below list includes all consultants who have indicated that they are available for hire by the public in Minnesota and Wisconsin to delineate wetlands or other waters of the United States or design wetland compensatory mitigation projects, and who have requested to be included on this list. You may wish to contact more than one consultant to obtain a comparison of costs and qualifications for services. You may also wish to consult other sources of information such as telephone business listings, Internet search engines, etc.

If you wish to add or remove your business from the list, contact the St. Paul District's Wetland Permit Hotline at 651-290-5525 or by email at mvp-reg-inquiry@usace.army.mil.
