D. ADDITIONAL COMMENTS TO SUPPORT JD: The review area for this determination contains one stormwater	
pond shown on the attached figure labeled MVP-2019-01494-EJW Page 2 of 3. The stormwater pond is approximately 1.16 acre and falls under the definition of "stormwater control feature constructed to convey, treat, or store stormwater that are created in dry land" and is therefore not a water of the US. The Stormwater Pond was	

store stormwater that are created in dry land" and is therefore not a water of the US. The Stormwater Pond was constructed in an upland area between 1999 and 2003 for the purpose of storing stormwater. Based on this review, the evaluated stormwater pond is not jurisdictional under the 2015 Clean Water Rule and not a water of the U.S.

¹ In many cases these excluded features will not be specifically identified on the approved JD form, unless specifically requested. Corps Districts may, in case-by-case instances, choose to identify some or all of these features within the review area.
