## Tour Load / Unload Location RRF #91

We will be parking at Levee Park and transported by bus to Treasure Island Marina, at which time we will get on a boat to tour the Corps Island Unloading, LD 3 Project, and Red Wing Wildlife League Mitigation area – the boat will return to Levee Park and drop us off.

**Levee Park:** Turn riverward on East Avenue off of Main Street. East Avenue will run into a turnaround right on the river, which has a parking area (roughly 20 spots) to the immediate left. Feel free to park there as we will be picked up near the turnaround Tuesday morning.

**Red Wing Public Library:** The library is located at 225 East Avenue between Main Street and W 3<sup>rd</sup> Street, with meeting room access on the W 3<sup>rd</sup> Street side. There is a parking ramp on the corner of East Avenue and Main Street, with access off of East Avenue (one way). The lower portion of the ramp is for all day parking.
