

Information for File # 2011-01595-BRC

Applicant: Roseau County Highway Department

Corps Contact: Benjamin Cox

Address: 180 Fifth Street East, Suite 700, Saint Paul, Minnesota 55101

E-Mail: benjamin.r.cox@usace.army.mil

Phone: (651) 290-5377

Primary County: Roseau, Minnesota

Section: 11

Township: 162 North

Range: 39 West

Information Complete On: 15 January 2015

Posting Expires On: 4 February 2015

Authorization Type: This application is being reviewed in accordance with the practices for documenting Corps jurisdiction under Sections 9 & 10 of the Rivers and Harbor Act of 1899 and Section 404 of the Clean Water Act identified in Regulatory Guidance Letter 07-01. We have made a preliminary determination that the aquatic resources that would be impacted by the proposed project are regulated by the Corps of Engineers under Section 404 of the Clean Water Act. Our jurisdictional review and final jurisdictional determination could result in modifications to the scope of the project's regulated waterbody/wetland impacts and compensatory mitigation requirements identified above. An approved jurisdictional determination will be made prior to reaching a permit decision, and will be posted on the St. Paul District web page at <http://www.mvp.usace.army.mil/>.

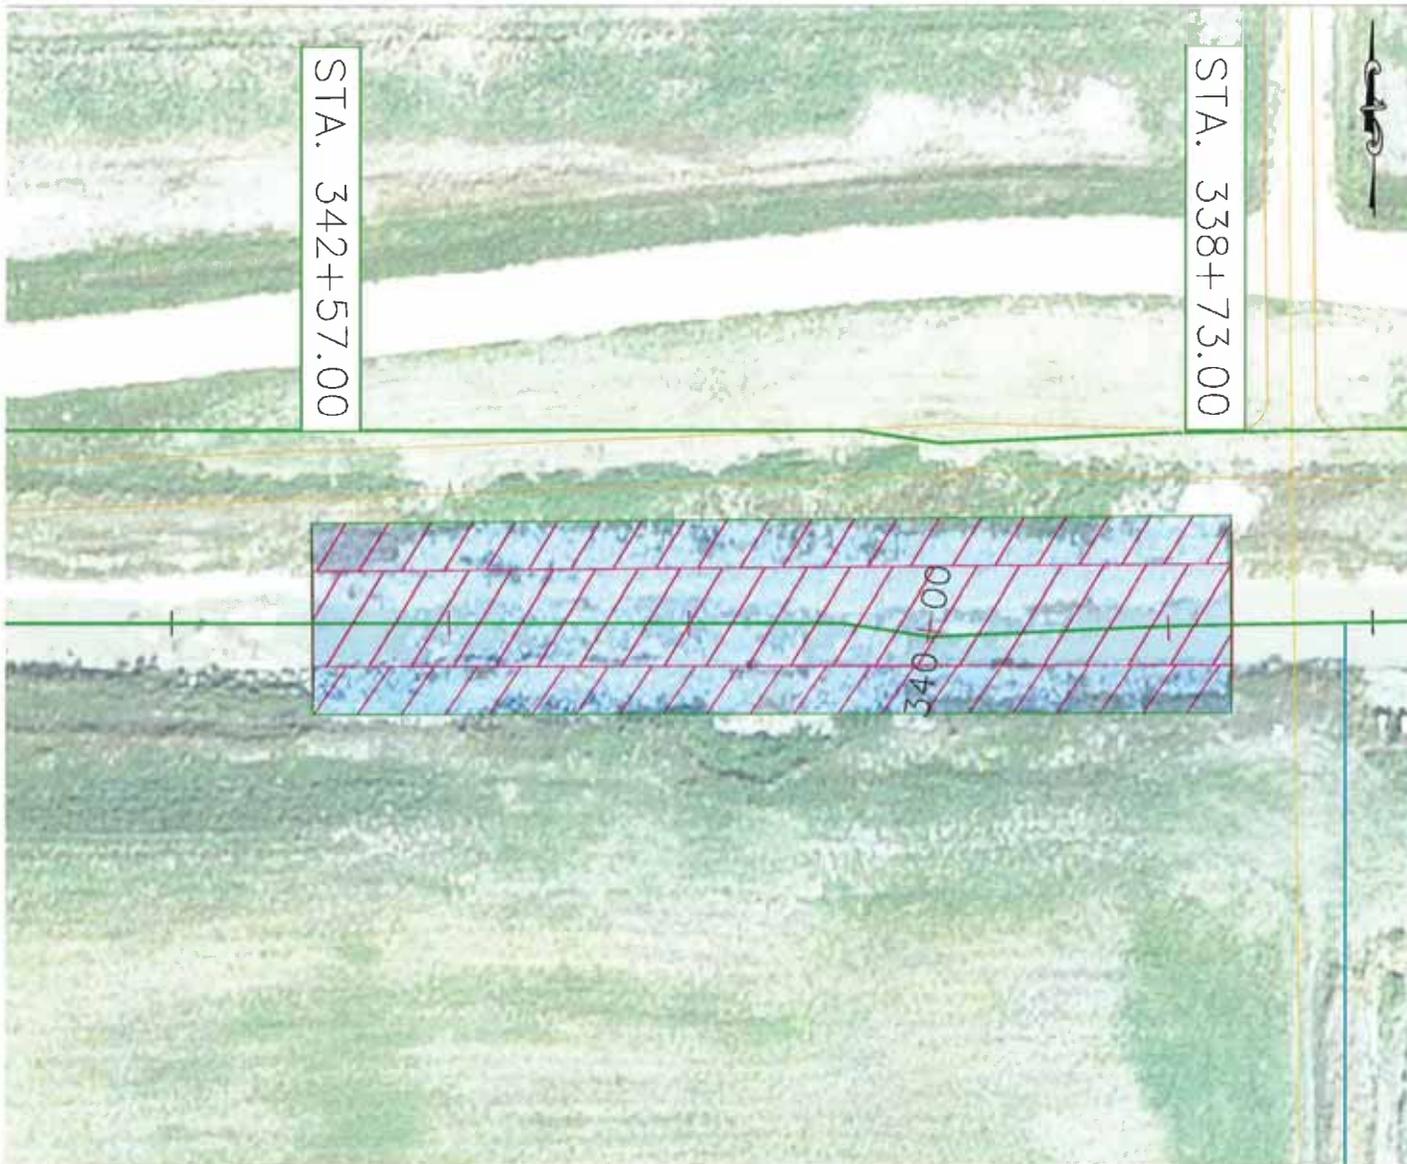

Project: Roseau County Highway Department proposes to retain fill material discharged into approximately 384 linear feet of Hay Creek for the purpose of protecting an existing pipeline. Fill material consists of quarry run riprap along the bottom and banks of Hay Creek. The material was placed at this location to protect an existing pipeline that had been exposed

Hay Creek is a perennial tributary to the Roseau River. The portion of Hay Creek affected by the project has been highly altered through straightening and channelization. Hay Creek is managed as a county ditch.

No alternatives have been identified by the applicant.

The applicant has not proposed compensatory mitigation for the proposed impacts to Hay Creek.
