Project Description

Holtmeier Construction proposes to discharge fill material (0.36 acre) below the plane of the ordinary high water mark along 600 linear feet of the Le Sueur River. The work would be conducted in association with rebuilding and stabilizing the stream bank along the Le Sueur River.

Federally Listed Threatened and Endangered Species

According to the USFWS Midwest Region website, which was checked on December 17, 2015, the Northern long-eared bat (threatened) is found in Blue Earth County, Minnesota.

Historic Properties

The latest version of the National Register of Historic Places has been consulted and no listed properties (known to be eligible for inclusion, or included in the Register) are located in the project area.
