Project Description

Mr. Buttweiler proposes to discharge 0.06 acre of fill material below the plane of the ordinary high water mark of Upper Spunk Lake. The work would be conducted in association with the installation of a sand blanket.

Federally Listed Threatened and Endangered Species

According to the USFWS Midwest Region website, which was checked on January 21, 2016, the Northern long-eared bat (threatened) is found in Stearns County, Minnesota.

Historic Properties

The latest version of the National Register of Historic Places has been consulted and no listed properties (known to be eligible for inclusion, or included in the Register) are located in the project area.
