B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: The AJD review area, which is shown on the attached figure labeled MVP-2017-02998-SJW: Figure 1 is comprised entirely of uplands. There are WOUS within the review area that would be regulated under Section 10 of the Rivers and Harbors Act or Section 404 of the Clean Water Act. Based on this information, Department of the Army Authorization is not required at the proposed location for the proposed project, and the Corps does not have jurisdiction over any work that would occur within uplands.

¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.
