EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:** A site visit was conducted on April 28, 2017 to assess a potential building site for the presence of wetlands. There are no WOUS within the review area, and therefore the discharge of fill material into this area would not be regulated by the Corps under Section 404 of the Clean Water Act or Section 10 of the Rivers and Harbors Act. Additionally, Department of the Army authorization would not be required for any work within the review area.

<sup>1</sup> This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.
