Checklist for Wisconsin Joint Water Resources Application

Many projects in the state of Wisconsin require permits from both the Wisconsin Department of Natural Resources (WDNR) and the U.S. Army Corps of Engineers (Corps). To expedite permitting, applications for both WDNR and Corps permits for work in wetlands and waterways are submitted using the WDNR website. Providing the following information will ensure the most timely Corps review.

If you are seeking a response from ONLY the Corps (not the WDNR), you may instead submit your request directly to usace_requests_wi@usace.army.mil. Please ensure to include the County of the project location in the subject line (e.g. Dane County).

General information about the Corps regulatory program can be found online at:

<https://www.mvp.usace.army.mil/Missions/Regulatory/>

Frequently asked questions can be found here:

<https://www.mvp.usace.army.mil/Missions/Regulatory/Permitting-Process-Procedures/>

Questions regarding this checklist should be directed to the Corps of Engineers Regulatory Division by calling (651) 290-5525 or by visiting <https://www.mvp.usace.army.mil/Missions/Regulatory/Regulatory-Team-Contact-Information/> to find a Corps contact specific to your project location.

1. Are you requesting a Corps response to your submittal?

YES, I am requesting Corps review and response for my project.

If you believe your project is eligible for a Nationwide or Regional General Permit, specify the Permit, if known:

If your project is related to a previous request (such as a previous permit, delineation, jurisdictional determination, or Pre-Application meeting), provide the Corps file number for that request: MVP-

NO, I am not requesting a Corps response because:

I received a Corps Jurisdictional Determination concluding that my project is not within a Water of the United States (WOTUS). The Corps file number for the determination is: MVP-_____.

I designed this project to avoid all delineated aquatic resources. If you received Corps or WDNR concurrence or correspondence on this matter, please provide the file numbers below:

Corps file number: MVP-_____.

WDNR file number: _____.

I believe the activity itself is not regulated by the Corps. Provide rationale or Corps file number for previous No-Permit-Required determination: _____
