

Cross Lake

The Pine River, a tributary of the Mississippi River, was once a creek connecting Cross Lake with Upper and Lower Whitefish lakes which are surrounded by 13 other natural lakes. The construction of the dam at Cross Lake raised the water level, making channels between these lakes and forming the Pine River Reservoir, which is better known as the Whitefish Chain of Lakes. This 13,660 acre body of water, with 119 miles of shoreline, provides dozens of interesting bays for pleasure boating and fishing.

The Cross Lake campground, nestled among tall pines, is best known for its picturesque sunsets, beautiful beaches, well-maintained campsites, clean restrooms, showers, group picnic shelters, handicap-accessible facilities, day use areas and much more. It is located just minutes from shopping and paved bike paths. We hope you enjoy your visit!
