MEMORANDUM FOR RECORD

SUBJECT: Eau Galle Project Master Plan Approval

ACTION: Adopt and implement the Eau Galle Project Master Plan revision that will serve as a tool for the responsible stewardship of resources to benefit present and future generations. The plan provides guidance and facilitates appropriate management, use, development, protection and conservation of natural, cultural and man-made resources located at the Eau Galle Project. This plan will supersede the previous Eau Galle Project Master Plans that were approved in 1964 and 1990 along with the 1999 supplement.
