This form should be completed by following the instructions provided in Section IV of the JD Form Instructional Guidebook.

SECTION I: BACKGROUND INFORMATION

A. REPORT COMPLETION DATE FOR APPROVED JURISDICTIONAL DETERMINATION (JD): April 21, 2017

B. DISTRICT OFFICE, FILE NAME, AND NUMBER: St. Paul, 2017-00800-EMN, Busa Pond Project

C. PROJECT LOCATION AND BACKGROUND INFORMATION:
   State: Wisconsin  County/parish/borough: Portage  City: Stevens Point
   Center coordinates of site (lat/long in degree decimal format): Lat. 44.52092 °, Long. -89.66549 °
   Universal Transverse Mercator: Zone 16
   Name of nearest waterbody: Mill Creek
   Name of watershed or Hydrologic Unit Code (HUC): 07070003
   ✔ Check if map/diagram of review area is available upon request.
   □ Check if other sites (e.g., offsite mitigation sites, disposal sites, etc…) are associated with this action and are recorded on a different JD form.

D. REVIEW PERFORMED FOR SITE EVALUATION (CHECK ALL THAT APPLY):
   ✔ Office (Desk) Determination. Date: April 21, 2017
   ✔ Field Determination. Date(s): November 15, 2016

SECTION II: SUMMARY OF FINDINGS

A. RHA SECTION 10 DETERMINATION OF JURISDICTION.
   There are no “navigable waters of the U.S.” within Rivers and Harbors Act (RHA) jurisdiction (as defined by 33 CFR part 329) in the review area.

B. CWA SECTION 404 DETERMINATION OF JURISDICTION.
   There are no “waters of the U.S.” within Clean Water Act (CWA) jurisdiction (as defined by 33 CFR part 328) in the review area.

SECTION III: DATA SOURCES

A. SUPPORTING DATA. Data reviewed for JD (check all that apply - checked items shall be included in case file and, where checked and requested, appropriately reference sources below):
   ✔ Maps, plans, plots or plat submitted by or on behalf of the applicant/consultant. Received on March 20, 2017
   □ Data sheets prepared/submitted by or on behalf of the applicant/consultant.
     □ Office concurs with data sheets/delineation report.
     □ Office does not concur with data sheets/delineation report.
   □ Data sheets prepared by the Corps: Click here to enter text.
   □ U.S. Geological Survey Hydrologic Atlas: Click here to enter text.
     □ USGS NHD data.
     □ USGS 8 and 12 digit HUC maps.
   □ U.S. Geological Survey map(s). Cite scale & quad name: WI - ROCKY RUN
   □ USDA Natural Resources Conservation Service Soil Survey. Citation: Portage County
   □ National wetlands inventory map(s). Cite name: Click here to enter text.
   □ State/Local wetland inventory map(s): Wisconsin Wetland Inventory
   □ FEMA/FIRM maps: Click here to enter text.
   □ 100-year Floodplain Elevation is: Click here to enter text. (National Geodectic Vertical Datum of 1929)
   □ Photographs: ✔ Aerial (Name & Date): 2015 FSA Aerial Photograph
     □ or □ Other (Name & Date): Click here to enter text.
   □ Previous determination(s). File no. and date of response letter: Click here to enter text.
   □ Applicable/supporting case law: Click here to enter text.
   □ Applicable/supporting scientific literature: Click here to enter text.
   □ Other information (please specify): Click here to enter text.

B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: The review is approximately 1.0 acre in size and includes the proposed pond location and disposal site as shown on the attached figures. The review area is comprised entirely of upland meadow dominated by Kentucky bluegrass, scattered white pine and red maple, and other upland plant species. The project site is located on top of a small knoll (pond location) and the disposal site is adjacent to an existing barn (excavated material would be used to create an earthen ramp). The review area did not have a predominance of hydrophytic plants and no hydric soil or hydrology indicators were observed during an on-site field visit on November 15, 2016.

1 This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.
within the review area. The construction of the 0.05-acre pond and associated disposal of excavated material in uplands would not impact a water of the United States and would not be regulated under Section 404 of the Clean Water Act.
