Other information (please specify): Site visit conducted on June 12, 2017.

B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: A site visit was conducted on June 12, 2017 to assess the review area, which is outlined on the attached figure labeled MVP-2017-01881-SJW, for the presence of Waters of the U.S. or other aquatic resources. A review of the aerial imagery showed signatures in the cropped fields within the review area. During the 6/12/17 site visit, the Corps PM observed an erosional feature (upland drainage swale), which had eroded out during a recent rain event, however no WoUS were identified within the review area, and therefore

¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

the Corps would not have jurisdictional over any work conducted construct the proposed grassed waterway in this area.	in the area, and Department of the Army authorization would not be required to
