SECTION II: SUMMARY OF FINDINGS

A. RHA SECTION 10 DETERMINATION OF JURISDICTION.

There are no "navigable waters of the U.S." within Rivers and Harbors Act (RHA) jurisdiction (as defined by 33 CFR part 329) in the review area.

B. CWA SECTION 404 DETERMINATION OF JURISDICTION.

There are no "waters of the U.S." within Clean Water Act (CWA) jurisdiction (as defined by 33 CFR part 328) in the review area.

1. Waters of the U.S.: N/A

2. Non-regulated waters/wetlands (check if applicable):¹

- Potentially jurisdictional waters and/or wetlands were assessed within the review area and determined to be not jurisdictional. Explain: **The review area contains 2 wetlands: Wetland 1 (0.04 acre) and Wetland 2 (0.02 acre). These features are identified as landscape depressions, described as disturbed scrub-shrub wetlands, with no hydrologic connection to another water of the U.S. The wetlands are not adjacent (bordering, contiguous, or neighboring) to another water of the U.S. and they are not separated from another water of the U.S. by man-made dikes or barriers, natural river berms, or beach dunes. The review area is a rapidly developing residential area and the wetlands within the review area are 1,399 linear feet from the nearest tributary, precluding any ecological interconnection with another jurisdictional water. There is no link to interstate or foreign commerce and the wetlands are not used by interstate or foreign travelers for recreation or other purposes. The wetlands do not produce fish or shellfish that could be taken and sold in interstate or foreign commerce, and are not used for industrial purposes. Therefore, the Corps has determined that the subject wetlands are isolated and not regulated by the Corps under Section 404 of the Clean Water Act.**

SECTION III: CWA ANALYSIS

A. TNWs AND WETLANDS ADJACENT TO TNWs: N/A

B. CHARACTERISTICS OF TRIBUTARY (THAT IS NOT A TNW) AND ITS ADJACENT WETLANDS (IF ANY): N/A

C. SIGNIFICANT NEXUS DETERMINATION: N/A
