SECTION SF 30 BLOCK 14 CONTINUATION PAGE

Additional changes are included as follows.

1. The small business size standard in Block 10 is changed from \$27.5 Million to \$17 Million dollars.
2. Wage Rate Changes.

General Decision Number IL010018 is deleted in its entirety and replaced with IL010019, which is included with this amendment as Attachment A.

General Decision Number WI010019 is updated to include modification number 3 dated 7/27/01 and is included with this amendment as Attachment B.

Insert the following paragraph in Section 00830, Attachment B, page 00830-B-0001.

APPLICABLE WAGE DECISION

Purpose

The terms 'dredging' and 'dredging equipment' are defined for the purpose of providing the contractor with guidance as to which Davis-Bacon Act wage determination applies to various portions of the project work.

Definitions

- A. 'Dredging work' is defined as the excavation of material from the bottom of the waterbody and its transportation to a designated disposal site by the use of 'dredging equipment'.
- B. Dredging equipment is defined as follows:
 - C. For purposes of hydraulic dredging, dredging equipment consists of the dredge, its attendant plant and the pipeline (including any intermediate pumping units) used to transport the dredged slurry to the disposal site or sites.
 - D. For purposes of mechanical dredging, dredging equipment consists of a clamshell, dragline, backhoe, bucket ladder or other mechanical excavation equipment on a barge or other suitable floating plant and the barges and tenders used to transport the dredged spoil to shore.

Applicable Wage Decision

The Davis-Bacon Wage Decision entitled IL010019, Dredging, shall apply to all 'dredging work' as that term is defined above.

The Davis-Bacon Wage Decision entitled WI010019, Heavy, shall apply to all contract work that is not 'dredging work' as that term is defined above.

3. The quantity of rockfill on Bid Schedule Item 0005 is changed from 216 metric tonnes to 310 metric tonnes.
4. The fourth sentence in the first paragraph of Clause 52.211-10 Commencement, Prosecution and Completion of Work is changed to read as follows: "Completion for Phase 1 is no later than 31 October 2002."
5. Paragraph 1.3.1 in Section 02327 is deleted in its entirety and replaced with the following:

1.3.1 DILLMAN FIELD WITHIN THE MISSISSIPPI RIVER FLOODWAY AND KNOWN CULTURAL RESOURCE SITES.

The Mississippi River floodway line bisects the Dillman Field west of Dillman Site 1. The landowner has expressed interest in having this area filled. This site is unacceptable to the Government because it would involve filling within the Mississippi River floodway. The Dillman Field also contains two known cultural resource sites, one located immediately north of the Dillman Site 1 as shown on the drawings and the other near the southwest corner of Dillman Site 1. Proposals to fill and/or otherwise disturb these cultural resource sites would be unacceptable to the Government.

6. The following Paragraph 1.16 is added to Section 02325.

1.16 MOBILIZATION AND DEMOBILIZATION

Compensation for physical movement of equipment and plant to the project site, movement of equipment and plant off the site, construction of the pipeline and removal of the pipeline shall be made under Contract Line Item 0008 for Mobilization and Demobilization.

Note that Contract Line Item 0008 shall be bid and included as part of the Basic Item bid so that the total for Basic Items shall include CLIN's 0001 through 0006 and 0008.

7. Add the following note to Drawing M-P10-04/005.
"7. Clearing and grubbing required within the limits of the fill area."
8. Note that the only stripping requirement is that shown on M-P10-04/0005.
9. Clause 52.236-7004 is added to Section 00700.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29 CFR 5.5(a)(1)(v)).

In the listing above, the "SU" designation means that rates listed under that identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U. S. Department of Labor
200 Constitution Avenue, N. W.
Washington, D. C. 20210

4.) All decisions by the Administrative Review Board are final.

SUMMARY OF CHANGES

Changes in Section 00010

CLIN 0005

The pricing detail quantity has increased from 180.00 by 130.00 to 310.00

CLIN 0008 was added.

ITEM NO	SUPPLIES/SERVICES	QUANTITY	UNIT	UNIT PRICE	AMOUNT
0008	Mobilization and Demobilization	1.00	Lump Su m		
	FFP - See paragraph 6 of this amendment. Note also that this CLIN is included with the Basic items. The total bid for the Basic Items should include CLIN's 0001 through 0006 AND 0008.				

Changes in Section 00700

The following clauses which are incorporated by full text have been added or modified:

252.236-7004 PAYMENT FOR MOBILIZATION AND DEMOBILIZATION. (DEC 1991)

(a) The Government will pay all costs for the mobilization and demobilization of all of the Contractor's plant and equipment at the contract lump sum price for this item.

(1) Fifty percent of the lump sum price upon completion of the contractor's mobilization at the work site.

(2) The remaining fifty percent upon completion of demobilization.

(b) The Contracting Officer may require the Contractor to furnish cost data to justify this portion of the bid if the Contracting Officer believes that the percentages in paragraphs (a) (1) and (2) of this clause do not bear a reasonable relation to the cost of the work in this contract.

(1) Failure to justify such price to the satisfaction of the Contracting Officer will result in payment, as determined by the Contracting Officer, of--

(i) Actual mobilization costs at completion of mobilization;

(ii) Actual demobilization costs at completion of demobilization; and

(iii) The remainder of this item in the final payment under this contract.

(2) The Contracting Officer's determination of the actual costs in paragraph (b)(1) of this clause is not subject to appeal.

Changes in Section 00800

The following clauses which are incorporated by full text have been added or modified:

52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984) -
ALTERNATE I (APR 1984)

The Contractor shall be required to (a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than 31 October 2003. The total work has two phases. Phase 1 consists of all work except for the restoration and final grading of dredged material placement sites. Completion for Phase 1 is no later than 31 October 2002. Phase 2 shall be the completion of restoration and final grading of the dredged material placement sites. The time stated for completion shall include final cleanup of the premises.

The completion dates are based on the assumption that the successful offeror will receive the notice to proceed by 31 December 2001. The completion date will be extended by the number of calendar days after the above date that the Contractor receives the notice to proceed, except to the extent that the delay in issuance of the notice to proceed results from the failure of the Contractor to execute the contract and give the required performance and payment bonds within the time specified in the offer.

(End of clause)
