

Amendment 0001
A&E Synopsis DACW37-03-R-0003
Hydraulic and Hydrologic Activities

This amendment incorporates the following information into synopsis DACW37-03-R-0003:

I. Adequate information pertaining to the capability of subcontractors must be included in Prime contractors' submittals. Subcontractor information pertaining to key personnel, previous projects, and any other information required for adequate documentation of qualifying experience must be provided. The aforementioned information is in addition to the mandatory SF254 information required for each Subcontractor.

II. This amendment highlights the existence of clarifications available through a Questions and Answers document on the St Paul District's website. The aforementioned document is contained at <http://www.mvp.usace.army.mil/> under the "Advertised Solicitations link." When you reach the St Paul District's open solicitations, select DACW37-03-R-0003. Look for the "Download/view solicitation files" section. Click on the down arrow and select "Specifications." Click on "Go!" This will bring you to all documents associated with this effort. You will want to view the "QA 03-R-0003.pdf" file for questions and answers.

III. This amendment extends the response date from the close of business on 9 December 2002 to the close of business on 10 December 2002.
